

Project: "Integrated Natural Resource Management in the Baikal Basin Transboundary Ecosystem"

TRANSBOUNDARY DIAGNOSTIC ANALYSIS FOR THE LAKE BAIKAL BASIN

REGIONAL WORKSHOP Ulan-Ude, 18-19 September 2012

PROVISIONAL AGENDA

OVERALL OBJECTIVES

- To ensure that all stakeholders have a shared understanding of the GEF TDA-SAP process.
- Establish the overarching framework to guide revision and enhancement of the TDA.
- Prioritisation of transboundary problems for subsequent strategic interventions.
- Elaboration of a causal chain analysis to ensure that root causes of threats to the Baikal Basin ecosystem are well-understood.
- Complete an analysis of stakeholders relevant to sustainable resource management in the Baikal Basin.

DAY 1 OBJECTIVES

- Enhance the understanding of the methods and expected results of the TDA-SAP process.
- Clarification of relationships, responsibilities and expected activities of participants.
- Obtain valuable inputs from participants regarding transboundary problems, crucial information lacking from the preliminary TDA, and prioritisation.
